

REUNION

Golf & Country Club

Fore The Future

MISSION

The Mission of the Reunion Junior Golf Program is to provide a well-rounded instructional program designed for all ages that will in turn improve knowledge, ability, and enjoyment of the game of golf. Give your child the gift of golf, the gift that lasts a lifetime!

PURPOSE

Our purpose is to provide an opportunity for any junior golfer interested in learning the game of golf. Under the guidance of our Golf Professional Staff, we are striving to build one of the most comprehensive junior educational golf programs in the country. Our junior golf program allows access to a monthly program that includes a built-in mix of private instruction, clinics, and competition. Our unique private lesson agenda offers a building-block approach that reinforces specific skill applications during the clinics.

PHILOSOPHY

Our philosophy is to teach a game that is fun and built on solid fundamental techniques.

Our program strives to provide:

- A fun and informative introduction to the game of golf*
- A bonding opportunity between child and parent(s)*
- A platform to maximize each student's ability*
- Increase the student's character and self-esteem*

For those that desire to have more fun, continue to learn the game, and to play at a higher level, the Reunion Junior Golf Program will provide an excellent path and opportunity.
